SHOOTS DOWN HIS BROTHER

PERRY ONSTOT HALTS INTRUDER WITH PISTOL BULLETS.

NO CHARGES BROUGHT

R. H. Onstot, Single, Giving Address as Arlington, Neb., Recovering From Wounds.

Robert H. Onstot, who gives his address as Arlington, Neb., is in St. Francis Hospital, recovering from bullet wounds in his left leg and foot, the shots fired by his brother, Perry Onstot, about 8:30 o'clock Saturday night on the Onstot farm a short distance north of the Harmony Church, about eleven and a half miles northeast of Maryville, after the former refused to stop and give his name when demanded by his brother.

A bullet from a .32 caliber Colt pistol shattered a couple of toes and another bullet entered the flesh behind the knee, Perry Onstot emptying the gun before he felled the alleged trespasser. Perry told the sheriff he shot only to stop the man and not to kill. No charges have been brought against Perry Onstot.

There are two stories told in this affair, one by the man who fired the shots and the brother who is in the hospital, with the explanation given by Perry Onstot, it is said the more plausible, which the neighbors substantiate and the residents of the vicinity are inclined to be favorable toward the man who did the shooting.

As told by Perry Onstot, who lives on his farm north of Harmony that he purchased not so many months ago, there have been articles missed from his place from time to time, and he has been awakened at night on several occasions during the last few months by his dogs that seemed to be disturbed by an intruder. He has been continually on guard this summer against any attacks on himself, family or property, as he did not wish to have a repetition of coming home and finding his corn crib on fire or his automobile cut up and damaged by unknown persons.

Saturday night he armed himself with a revolver and stationed himself in the farm yard, dozing off in a sleep after a short watch. About 8:30 he was aroused by the dogs barking and noticed shadows of a man making his way across his land. Perry Onstot called for the intruder to halt and give his name. He was given no response. The trespasser waved a scythe blade at him a few times and then tried to get away. Not knowing who the trespasser might be, and set with the idea to find out the person who has been causing him worry, he emptied his revolver, shooting at the man's feet and two bullets found their mark in the unknown man's left lower limb.

The injured man turned out to be his brother, Robert H. Onstot, single, about 50 years of age, who left this country several years ago and returning only on occasions. Perry Onstot then called the sheriff, L. B. Campbell, and the coroner, Dr. Frank Wallis, and the injured man was brought to the hospital here in an ambulance where the bullets were removed.

Robert H. Onstot at the hospital has given very little information to the coroner as to his presence at the farm of his brother and when questioned seems to be aggravated by considerable pain. However, the explanation he has given is that he was going by his brother's farm in an automobile and was held up by a man with a gun and when he made an attempt to escape was shot down.

Divorce and 2 Suits on Notes Are Filed

One divorce suit and two suits on notes were filed in the circuit court Saturday afternoon for the October term.

Dora Edwards, charging indignities, is suing for a divorce from Clifford Edwards. She is also seeking for the care and custody of a 2-year-old daughter and for maintenance and support. They were married March 7, 1922.

The Farmers Trust Co. of Maryville instituted a suit against Glen H. Anderson and C. P. Anderson for collection of a note for $415 given September 20, 1924. The Real Estate Bank of Maryville is suing F. M. Grundel on a note for $525 given February 11, 1924.

Will Sturm Farm Sells for $250 An Acre

Fred D. Bellows Buys Tract of 160 Acres Saturday—Farm Located On the Paved Highway.

The Will Sturm farm of 160 acres, located about two miles south of Maryville on the paved highway, was sold Saturday to Fred D. Bellows for $250 an acre. Mr. Sturm gets the 406½ acre farm of Mr. Bellows, located in Linn County, near Chula, Mo., for $85 an acre. Possession will be given March 1, 1926.

The Sturm farm lies close to the Bellows farm, south and southwest of Maryville.

The deal was made through Alva Cox.

IN PLEA FOR CLEAN LIVING

THE REV. J. A. COOPER TALKS TO H. S. STUDENTS.

SHOULD HONOR FLAG

Former Pastor Of Local Church Urges All To Play Game Of Life Fair—School Enrollment Increases.

The Rev. Joseph A. Cooper, former pastor of the First Baptist Church here, addressed the student body of the Maryville High School this morning.

Mr. Cooper has been here over the week-end visiting with friends, after a season on the Redpath-Vawter Chautauqua circuit, lecturing for the abolishment of war and the substitution of a lasting world peace.

His address this morning was a challenge to high school students to play the game of life fair—as a football team does in its best and cleanest game of the season.

"Classroom work is not a grade-making game," he said. Educational institutions are preparatory schools of life."

In his tribute to the flag he said, "I can't be an Ohio or Michigan football champion but I can be loyal to the flag; I can honor every fibre of it, understand what it means and what my country is to me. That is an object any citizen can obtain."

The speaker discussed briefly his personal experiences in the World War as a Chaplain.

"The most terrible war in history was a game—a German game—which required every ounce of American manhood, in body, in mind and spirit to win. Their daring sacrifice and patriotism was a game—it is over now—we are the substitutes, just as truly so when a man on the football field has played his limit and another steps in to fill his place. In peace we must carry on."

He received at the beginning of his talk three rousing cheers, a token of welcome of the student body, lead by "Chick" Aley and "Dingy" Howland, the cheer leaders of the school. An enthusiastic applause was accorded the speaker in conclusion.

Three more students have enrolled in high school, L. L. St. Clair, principal, has announced, which makes a total enrollment of 343 for the local high school.

Dawes Says Poison Victim Not Niece

Woman Said to Be Relative of Vice-President Kills Self By Drinking Strychnine in Atlanta

Chicago, Sept. 21—Denial that Mrs. C. W. Coleman who died of poisoning in an Atlanta, Ga. hospital is his niece was made here today by Vice-President Dawes.

"I have no nieces named Louise, and I never heard of Mrs. Coleman," Dawes said. Similar denial was made by his brother, Rufus Dawes.

Atlanta, Ga., Sept. 21—Estranged from her family, Mrs. C. W. Coleman of Cincinnati, said to be a niece of Vice-President Dawes, died in a hospital here today from strychnine poisoning. The woman, formerly Miss Louise Dawes, drank the strychnine, dissolved in a glass of water, in her apartment. She was taken to a hospital by a man giving his name as A. Z. East, who later was arrested on a technical charge of suspicion.

46 This Morning.

The temperature this morning was 46, according to J. R. Brink's official thermometer. This is a drop of forty-six degrees in less than forty-eight hours.

CHURCH MUST SERVE WORLD

ITS POWERS SHOULD NOT BE LIMITED TO CITIES.

BUILDING IS DEDICATED

$21,305 Is Raised At Morning Service At First M. E. Church To Clear $52,000 Cost of Remodeling.

Asserting that a Christian institution must be of service to the world rather than merely to the community in which it is located, and empasizing the need of world-lasting peace with the rearing of the future generation in the light of Godly influence, Bishop E. L. Waldorf of Kansas City then formally dedicated the remodeled First M. E. Church building here yesterday afternoon.

A large crowd was present at all three services yesterdy.

At the morning service, $21,305 was raised in order to pay off the total cost of the remodeling, $52,000. Chief among the contributors was the Ladies Aid Society of the church, which made a pledge of $7,000.

"It is my honest judgment that right now this is the best auditorium in the Missouri Conference" was the way Bishop Waldorf congratulated the members of the local church on the new building.

"These College students, who attend your church, will gain new inspiration by your example of church construction and will return to their homes knowing the needs for modern plants," the Bishop said. The task of the church is the evangelistic task.

"Christians should be willing to do any task at hand, whether it is firing the furnace or preaching the sermon. There are these "lily-fingered" Christians who will only do certain things, but how much better is the one who is willing to go anywhere or do anything that needs to be done. We should do this task with all our might. "To do the best we can as soon as we can" is a pretty good motto for us all."

There were four persons present at the services yesterday morning that attended the dedicatory program at the old First M. E. Church building fifty-eight years ago. They were N. Sisson, Judge Ira K. Alderman, Mrs. George Null and Mrs. Fannie Shroyer.

Formal dedication of the new church was tendered with Bishop Waldorf presiding, assisted by the Rev. Grant A. Robbins of St. Louis, the Rev. E. B. Thompson of St. Joseph, the Rev. W. C. Harper of Hopkins and the Rev. Guy L. Prather of the First Baptist Church here.

The Scripture reading of the dedication was taken from Second Chronicles, 6, 1, 2; 18-21; 40-42; 7, 1-4. Hebrews 10:9-25; Psalm 122.

Trustees in Presentation.

The trustees of the church composed of C. C. Corwin, president; John Airy, C. D. Bellows, Walter Mutz, John Price, S. H. Kemp, T. L. Wadley and H. E. Wright, presented the church building for dedication, with Mr. Corwin speaking on their behalf to Bishop Waldorf.

"We present to you this building, to be dedicated as a church for the worship and service of Almighty God."

Following the dedication presentation by the Board of Trustees, Bishop Waldorf officially recognized the presentation, leading the congregation, as they repeated:

"O God, Father of Our Lord Jesus Christ, Our Father,

"To thee we dedicate this church.

"Son of God, the only begotten of the Father, Head over all things of the church, which is thy body; Prophet, Priest, Redeemer, and the King of thy people,

"To thee we dedicate this church.

"God the Holy Spirit, proceeding the Holy Father and the Son, Our Teacher, Sanctifier and Comforter.

"To thee we dedicate this church.

"Eternal Holy, and the Glorious Trinity, three persons, one God,

"To thee we dedicate this church."

Reads Dedication.

Dr. C. C. James, pastor of the church, read the Declaration of Dedication as follows.

"Dearly beloved, it is meet and right, as we learn from the Holy Scriptures, that houses erected for public worship of God should be specially set apart and dedicated to religious usages. For such a dedication we are now assembled. With gratitude, therefore, to Almighty God, who has signally blessed his servants

Coolidge Is Nearly Run Down by Car

Baltimore Motorist Fined $35 In Washington Traffic Court For Cutting Corner.

Washington, Sept. 21.—Convicted of almost running down the nation's most distinguished pedestrain, President Coolidge, a Baltimore motorist, Nathan D. Smith, was fined $35 in traffic court here today. Smith was found guilty of cutting a corner near the White House and with failing to give a pedestrain the right of way. The President was saved from injury by a secret service agent who pulled him from the path of the machine.

DECLARES AIR SERVICE GOOD

DAVIS AND HINES GIVE TESTIMONY TO BOARD.

FUNDS INADEQUATE

But Witnesses Declare Organization Is Doing First-Class Work In National Aeronautics—Mitchell To Testify.

Washington, Sept. 21.—A strong defense of the air service and warm praise of its present organization and personnel came today from Dwight Davis, acting Secretary of War, in a formal statement read to the opening session of the President's aviation board.

The service is inadequately equipped, Davis admitted, but there is no reason for the country to be alarmed or panicy over its existing condition.

Davis replied to the critics of the air service and although not mentioning him by name, attacked Col. William Mitchell's charges of inefficiency and mismanagement of the air force. He said the war department is unalterably opposed to the creation of an independent air department as Mitchell advocates as a poor policy of the national air defense.

Defects in the air service were traced directly to the lack of funds and blamed Congress for its parsimony in doling out appropriations for air equipment, officers and training.

Davis made a number of specific recommendations for bettering the service but none contemplates a radical departure from the present organization or manner of conducting the air force.

The spectators warmly applauded Davis when he concluded.

Major-General Hines, chief of staff, then was called to the stand.

Hines, reading from a prepared statement, dwelt largely in generalizing regarding the peace-time organization of the army. He stressed the value of aviation as a potent factor in the nation's defense and pledged the fullest co-operation of the general staff to promote air development to the fullest possible extent.

The air service is one of the principal factors in every major operation, Hines said. He also told the value of the aircraft as the "eyes" of the army. Hines pictured the air force as somewhat weak in equipment and personnel because of the lack of money but strong in performance and possibilities if permitted to continue "its slow irresistible departure under its present capable heads."

Refraining like Davis from mentioning Mitchell's name, Hines assailed critics of the air defense. He denied that the air arm was not in the control of the flyers.

COL. MITCHELL IS REPLACED

AIR OFFICER IS TEMPORARILY RELIEVED.

HE HAS NO STATEMENT

Orders Believed To Have Come Direct From War Department For Recalling Him From San Antonio.

San Antonio, Tex., Sept. 21.—Col. William Mitchell has been relieved of his post as air officer of the Eighth Corps Area, it was announced officially in orders issued at Fort Sam Houston today.

The order relieving Colonel Mitchell was issued by Maj.-Gen. Ernest Hinds, commanding general of the eighth corps area and states that the air officer will stand relieved from staff duty until further notice.

Colonel Mitchell and General Hinds had no statement to make this afternoon regarding the unexpected turn of events in the Mitchell case that has stirred army circles for nearly three weeks.

From the attitude General Hinds has taken in the Mitchell charges since they were made, it is believed that he relieved Colonel Mitchell only upon instructions from the war department.

Capt. Thomas Hasty is now acting air service officer of the corps area. It is taken for granted by army officials that Mitchell has been temporarily relieved until the grave charges he has brought up, now under investigation in Washington, are definitely settled.

The relief of Colonel Mitchell from staff duty will be a convenience to him in that he can remain in Washington as long as he desires during the present investigation of air craft conditions by the special board appointed by the President before whom the fiery Colonel is expected to be called to appear.

The order relieving Mitchell does not mean he is under technical arrest staff officers say.

Washington, Sept. 21.—Colonel William Mitchell, storm center of the air craft controversy, was summoned today to appear before the President's air investigation board next Monday and explain what prompted his charges of "almost treasonable administration" of the Nation's air defense.

Colonel Mitchell will fly from San Antonio, his present station to Dayton, Ohio, and then to Washington, according to plans.

HEALTH BOARD IS ANNOUNCED

DR. CORTEZ ENLOE IS NOT INCLUDED.

TO EXPLAIN MATTERS

Personal Friend Of Governor Baker Says He Will Issue Statement. Wednesday When Board Meets

Jefferson City, Sept. 21.—Dr. Herbert A. Breyfogle of Kansas City was named today by Governor Baker as a member of the state board of health.

Dr. Cortez Enloe, Jefferson City, who was the storm center of the fight which brought about Governor Baker's demand for resignations of all members of the board, announced today he would issue a statement regarding the dissention after the board met for re-organization Wednesday.

Jefferson City, Mo., Sept. 21.—Missouri's new State Board of Health was announced late Saturday by Gov. Baker.

The president of the new board is W. A. Clark of Jefferson City.

Other members of the new board are:

Dr. James Stewart, St. Louis, secretary; Dr. Willard Bartlett, St. Louis; Dr. E. T. McGaugh, Richmond, Mo.; Dr. R. H. L. Kerr, Crane, Mo.; and Dr. Herman L. Gove, Linn.

A successor to Dr. James R. McVey of Kansas City will be named Monday.

Dr. Clark, head of the new board, is one of the prominent physicians of the state. He was president of the State Board of Health during the Gardner administration in 1917-1921, and was president of the Missouri Medical Association last year, his term ending in May of this year. He was grand master of the Masonic Lodge in Missouri during 1918. Dr. Clark is a Democrat, is 56 years old, and has been a practicing physician here for 28 years.

Dr. James Stewart, secretary of the outgoing board and reappointed to the new board, was designated by the Governor to continue as secretary. He is the only salaried member and receives $7,500 a year. He gets $2,500 as secretary and $5,000 as state health commissioner.

Doctors H. L. Kerr of Crane and Herman Gove of Linn were also renamed on the new board. The Governor announced he was not accepting the resignations of Doctors Stewart, Kerr and Gove.

Baker said he was asking the members of the new board to meet at the Health Department here next Wednesday to organize.

Sedalia, Mo., Sept. 21.—Three prisoners, escaped from the county jail here today after striking the jailer with a pop bottle. They took his revolver after knocking him unconscious.

Former Cashier of Bank Faces Trial

Unice, Mo., Sept. 21.—Arthur Meininger, former cashier of the defunct Night and Day Bank of St. Louis, went on trial here today as one of the forty-seven indictments in connection with the failure.

Judge Breuer overruled a motion for a continuance of the case and ordered a jury impaneled.

Mrs. M. P. Gingrich of Wilcox visited Mrs. Nancy Hobbs and Mrs. Maggie Cook of Burlington Junction over the week end.

Mrs. Mabel Gillett visited relatives in Barnard yesterday.

OPENS INQUIRY OF DISASTER

SHENANDOAH INVESTIGATION GETS UNDER WAY.

EXPERT WILL TESTIFY

Dirigible Authority Expected To Present Views As To Cause of Crash —May Call Mitchell Too.

Lakehurst, Sept. 21.—The crew of the wrecked dirigible Shenandoah went to their deaths in an Ohio corn field coolly, calmly and with every mark of heroism, Commander C. E. Rosendahl, ranking surviving officer of the airship, testified today before the special board convened at the naval air station here to investigate the crash for Secretary of Navy Wilbur.

Rosendahl's report was read to the court of inquiry by Capt. Paul Folothe, judge-advocate. It was addressed to Secretary Wilbur and the commander of the air station here.

Commander Rosendahl's story, told in a formal report to the board, described the departure of the Shenandoah from Lakehurst, together with all of the details of its last trip until the crash which broke it in two near Caldwell, Ohio, killing fourteen members of the crew.

The commander effectively disposed of reports that there had been panic among the crew before the ship crashed.

"There was not a single person aboard the ship," he declared, "who did not perform his duty fully and efficiently."

He paid high tribute to all members of the crew, declaring that the ship left Lakehurst in good condition and that there was nothing anyone could have done to prevent its destruction by the elements.

Lakehurst, N. J., Sept. 21.—With a model of the Shenandoah before them and the manual written by officers who perished in its fall as the text of the investigation, the board of inquiry into the disaster prepared for its first meeting today.

It is expected the sessions today and tomorrow will be occupied chiefly with preliminary steps of preparation of records and exhibits but it was believed before tomorrow's session was over, Lieut. C. E. Rosendahl, senior surviving officer of the dirigible, will present the ship's log, the radio log and the barograph for examination of the board.

The first witnesses will be called Wednesday and before the inquiry is completed, Capt. Antone Heinen, German dirigible expert, will appear to support his charge that reduction in the number of gas valves caused the crash.

It is also expected that Col. William Mitchell, outspoken critic of the army and navy departments, will be called to testify.

Brookfield, Mo. Man May Have Been Slain

Blood-Stained Automobile Is Found In St. Louis County—Officers Believe Body Hidden.

St. Louis, Sept. 21.—The blood spattered automobile to Wallace Monroe of Brookfield, Mo., was found abandoned early today in St. Louis County.

Officials immediately began work on the theory that Monroe had been murdered and his body concealed. A gray cap covered with blood and a heavy steel bar were found nearby.

Given Prison Term For Stealing Car

Clinton, Mo., Sept. 21.—A youth giving his name as Paul Monard of Ashley, Neb., was sentenced to three years in prison today for the theft of an automobile from Dr. Earl Hutcherson. Dr. Hutcherson gave Monard a ride from Sedalia and when a few miles out of town Monard forced the physician from the car and drove off.

He was arrested near Warsaw and pleaded guilty here.

The condition of Mrs. B. F. Lowry, who has been ill for a number of months, remains about the same.

THE UNHEARALDED BEAUTIES OF MISSOURI.

Missourians who are trying to fool us into believing things look finer in states from which they are unable to get back, should see the rivers and oceans of yellow flowers with which our landscape is now bedecked. The Spanish Needle is in bloom. Forty to one hundred acres in fields from which grain has been cut are no uncommon sight, while on every hand streaks and patches stand out in charming relief to backgrounds in which our native forest trees figure. If a Missourian should see such a sight in California and Florida, where there is more sand than scenery, he would bore the folks back home to distraction trying to describe its beauties.—Paris Appeal.

STEWART'S WASHINGTON LETTER

By Charles P. Stewart
NEA Service Writer.

Washington—From aviation's super-enthusiasts comes the complaint that only one member of President Coolidge's board of air inquiry—Senator Bingham of Connecticut—is a man of actual World War flying experience.

Bingham had it, as commander of America's biggest aviation field in Europe during the World War conflict.

This isn't supposed to be a board hand-picked to declare for all the super-enthusiasts' contentions. Imperial consideration is what's desired from it.

The further complaint is made that Bingham is on record as considering Col. Mitchell's aviation claims exaggerated. So be it. Aren't the conservatives entitled to representation on the board, as well as the radicals?

The latter are represented, too. Representative Vinson of Georgia fought hard at the last session of Congress for all they demanded.

James G. Harbord and Rear Admiral Fletcher, the army and navy members of the board, are retired, it's worth noting. Nobody will have any strings on them, to influence them in reaching their conclusions.

President W. F. Durand of the Institute of Mechanical Engineers is the strictly scientific and President H. E. Coffin of National Air Transportation, Inc., is the pre-eminently practical member of the commission.

Dwight W. Morrow of J. P. Morgan & Co., is the business man, Congressman Parker of New York is the civilian aviation specialist and Federal Judge Denison of Grand Rapids gives the calm, judicial touch to the investigation.

On paper, at least, it looks like a well-rounded body, competent and fairly representative of all the different interests. But it will have to hurry to finish its work, just started, before Congress meets.

Two Divorces From Same Man in a Year

East St. Louis, Sept. 21.—Two divorces from the same man within a year is the record set in city court here by Mrs. Edna Richardson.

The woman appeared before the same judge, Silas Cook, and pleaded the same charge, infidelity. She was granted the same type of decree, giving her custody of Lillian, her six years old daughter.

Church Must Serve World

(Continued from page 1).

in their Holy enterprise of erecting this church, we dedicate it to His service, for the reading of the Holy Scriptures, the preaching of the word of God, the administration of the Holy Sacraments, and for all other exercises of religious worship and service, according to the Discipline and usages of the Methodist Episcopal Church. And, as the dedication of the temple is vain, without the solemn consecration of the worshippers also, let us now dedicate ourselves anew to the service of God. To him let our souls be dedicated, that they may be renewed after the image of Christ. To Him let our bodies be dedicated that they may be fit temples for the indwelling of the Holy Spirit. To Him may our labors and business be dedicated that their fruit may tend to the glory of His great name, and to the advancement of His kingdom."

Bishop Gives Prayer.

A prayer of dedication was then offered by Bishop Waldorf:

"O most glorious Lord, we acknowledge that we are not worthy to offer unto Thee anything belonging unto us; yet we beseech Thee in Thy great goodness, gracious place to Thy service, and to prosper this our undertaking. Receive the prayers and intercessions of all those Thy servants who shall call upon Thee in this house; and give them grace to prepare their hearts to serve Thee with reverence and Godly fear, affect them with due apprehension of Thy divine majesty, and a deep sense of their own unworthiness, that so approaching Thy sanctuary with lowliness and devotion, and coming before Thee with clear thoughts and pure hearts, with bodies undefiled, and minds sanctified, they may always perform a service acceptable to Thee, through Jesus Christ our Lord.

"Regard, O Lord, the supplication of Thy servants; that whosoever shall be dedicated to Thee in this house by baptism may ever remain in the number of Thy faithful children.

"Grant, O Lord, that whosoever shall receive in this place, the blessed Sacrament of the Lody and the blood of Christ may come to that body ordinance with faith, charity, and true repentance; and being filled with Thy grace and heavenly benediction, may their great and endless comfort obtain forgiveness of their sins, and all other benefits of his passion.

"O Lord, that by the Holy Word which shall be read and preached in this place, and by thy Holy Spirit grafting it inwardly in the heart the hearers thereof may both perceive and know what things they sought to do, and may have power and strength to perform the same.

"Now, therefore, arise, O Lord, and come into this place of Thy rest, Thou and thee art of thy strength. Let Thine eyes be open toward this house day and night and let thine ears be ready toward the prayers of Thy children, which they shall make unto Thee in this place and whensoever Thy servants shall make to Thee their petitions here, do Thou hear them from heaven, Thy dwelling place, the throne of the glory of Thy kingdom; and when Thou hearest forgive, Grant, O Lord, we beseech Thee, that here and elsewhere Thy ministers may be clothed with righteousness, and thy saints rejoice in Thy salvation. And may we all, with Thy people everywhere, grow up into a holy temple, in the Lord, and be at last received into the glorious temple above the house not made with hands, eternal in the heavens, and to the Father, and the Son, and the Holy Spirit, be glory and praise, world without end."

The Rev. Guy L. Prather, pastor of the First Baptist Church, gave the benediction.

Union Service in Evening.

All of the Protestant churches of Maryville joined in the evening services at 8 o'clock last evening, at which time the Rev. Grant A. Robbins, of St. Louis, superintendent of that district for the Methodist Church, delivered the sermon, closing the dedication day, which adds a new page to the church and religious life of Maryville. Mr. Robbins was pastor during the years of 1906-1908, going to Sedalia from here to fill the Methodist pulpit there, later going to St. Louis where he served as pastor of the Union Methodist Episcopal Church, until he entered the superintendency of the Methodist Church for the St. Louis district, about three years ago.

In his sermon, last night, which portrayed Christ, as the human individual, he brought out some ethics of sacrifice, continual striving and giving something good to the welfare of mankind.

"Christ was not a human who dwelled on earth to be administered to, rather to administer," said the Rev. Robbins. "He never received the things that make life. He gave them."

He discussed the life of rural and city young men and women and their association with Christian life. He stressed the fact that influence and effect on Christians are more firmly

Skinny Men and Women Gain 5 Pounds in 30 Days or Money Back

My dear Friends:

After my attack of Flu I was thin, rundown and weak. I had a sallow complexion, my cheeks were sunk in and I was continually troubled with gas on my stomach. I felt stuffy and had lost my appetite. I had read about McCoy's Cod Liver Oil Compound Tablets and decided to give them a trial. At once, I began to pick up an appetite, my cheeks filled out and my complexion became healthy looking and I gained 15 pounds in six weeks and am very thankful for what McCoy's Cod Liver Oil Compound Tablets did for me.

Miss Alberta Rogers, 264 W. Cerro Gorda St., Decatur, Ill.

To take on weight, grow strong and vigorous, to fill out the hollows in cheeks and neck, try McCoy's Cod Liver Oil Compound Tablets for 30 days. 60 Tablets—60 cents—at Maryville Drug Company and Gaugh & Evans and druggists everywhere. If they don't give you wonderful help in 30 days, get your money back—you be the judge. But be sure and ask for McCoy's, the original and genuine.—Adv.

Baptizes Man Who at One Time Was Buried

Paris, Mo., Sept. 21.—The Rev. W. H. Utter believes he is the only pastor in the country to baptize a man who at one time was buried.

The baptism took place recently.

Tom Barnes, Kirksville, some fifteen years ago contracted cholera, when the disease was prevalent in this section of the state. He was pronounced dead, there was a funeral service, and just as the coffin was being lowered into the grave it was discovered that Barnes was not dead.

He fully recovered from the disease. Recently Rev. Utter baptized Barnes.

Poisons Snakes

Julius Jermy, of San Antonio, Tex., is deadly poison to the most poisonous snakes. He has been bitten by 52 poisonous snakes in the last 20 years and every one of them has died in agony as a result. Jermy believes that his blood has become so poisoned from 20 years work with snakes that it now quickly poisons any reptile that bites him. Despite this, he always has been in perfect health.

More Than 750 Are Enrolled in College

Registration Is Largest of Any Fall Term in the School's History.

Indications now point to an enrollment for the fall term of the State Teachers College of considerably more than 750, the largest number the College has ever had for any previous fall term. Last Friday Mr. Rickenbrode's office showed an enrollment of 684 students in the College proper, not including the music students. Last fall there were 85 music students with duplicates counted out. With an equal number of music students this quarter and there probably will be more, our enrollment will be 769. The total registration for the fall term last year was 723.

The Conservatory figures have not been compiled yet as it takes some little time to check out the duplicates of students registered there and also in the College.

Among the new teachers for this term are:

Miss Lenore S. Fox is in the physical education department. She has her A. B. from the University of Kansas and has done graduate work at the University of Wisconsin. She taught in the Wichita High School, Wichita, Kansas last year.

Miss Anne Mather is the new social director of Residence Hall. She has her A. B. from Eastern College, Manasses, Virginia and for eleven years was manager of a women's dormitory at Hosmer Hall at St. Louis.

Miss Daisy L. Countryman is the new instructor in the home economics department. Miss Countryman has her A. B. from the Iowa State College, her B. S. from Ames, and her Masters from Des Moines University, where she has been teaching the past year.

Miss Ruth Jean Souter is teaching primary work in the education department. She has her A. B. from the Iowa State College and her Masters from Columbia University. Miss Souter comes here from Indiana, Pa., where she was engaged in similar work in the Indiana State Normal.—Green and White Courier.

Andrews in Mongolia With Dinosaur Eggs

By RANDALL GOULD
United Press Staff Correspondent.

Peking, Sept. 21.—Roy Chapman Andrews, American leader of the "Third Asiatic Expedition" has reported the safe arrival in Inner Mongolia of his collection of dinosaur eggs, fossil skulls and bones collected on his recent explorations in outlying Mongolian regions.

Andrews, who believes as a result of his investigations that man dates back millions of years, will sail on the steamer Taft for the United States October 15.

He intends to lecture in America and display the 10,000 feet of film covering his discoveries.

London, Sept. 21.—Doubt that eggs found by Roy Chapman Andrews in Mongolia are really those of prehistoric dinosaur is cast by Dr. Francis A. Bather, keeper of the geological department of the Natural History Museum at Kensington.

"Peking correspondents advise us that Dr. Andrews discovered a nest of five eggs smaller than those found two years ago" observed the Kensington scientist. "The shells are smooth and very thin. One might perhaps suggest that they are not necessarily dinosaur eggs at all, but might be those of turtles."

St. Louis—The Old St. Louis Cathedral, consecrated in 1834, will round out 101 years of service on October 26. Thousands yearly come to see this historic structure. Paintings on the walls are more than a century old.

Poplar Bluff—Plans for erecting a $250,000 rubber factory are under way here. The plant will be one of the largest in the United States and will manufacture cushion inner tires.

Miss Nell Graham is spending the day in St. Joseph on business.

For what other electric cleaner do you know of that Beats as it Sweeps, as it Cleans?

Correct use of the Hoover causes the imbedded dirt to be vibrated to the surface by the rapid, gentle beating of the Hoover brush, as powerful suction lifts the rug from the floor and draws all the beaten,out, swept-up dirt into the dust-tight bag.

The Fertility of the Missouri Soil

The Holt County Sentinel at Oregon, Mo., had another story last week about the remarkable fertility of Missouri soil. It follows:

Two weeks ago we published an article showing what Mr. and Mrs. Lee Greene had produced on one acre of ground, which has caused much favorable comment. Now, Joe Kretzer, one of our highly respected citizens, comes forth with his claim as a gardener, too. Mr. Kretzer is 75 years of age and has had several lots which he took care of this summer using only one hoe and a little garden push plow. On the lot which he had rented from Mrs. Bonnie Dobyns, and which is only 77½ by 120 feet in size, he raised the following amount of produce, the valuation of which is also given:

86 bushels of potatoes, at $1.50 per bushel, $129.00.
4 bushels of green beans, $4.00.
3 bushels of cucumbers, $3.00.
5 bushels of tomatoes, $5.00.
1½ bushels of onions, $1.50.
2 bushels of green peas, $2.00.
5 bushels of roasting ear corn, $5.00.
150 pounds of cabbage, 4c lb. $6.00.
1,600 pounds squash, $64.90.
15 bushels field corn, $15.00.

This would make a total valuation of $234.50 for what was produced on this small lot. There being four lots in an acre, this would yield in proportion $938.00 worth of produce for a single acre. There may be some people who may doubt the foregoing statements—but they can be verified by both Mr. Kretzer and the owner of the lot.

Committee Arranging for I.-M. Tournament

Besides Seven Members of League Bedford and Tarkio Clubs Invited To Send Players.

Arrangements for staging of the annual Iowa-Missouri Golf Association tournament at the Southmoreland Club at Shenandoah have been made by the committee at a meeting recently, according to the Shenandoah Sentinel World.

The Shenandoah paper says:

"In addition to the seven country clubs in the association, Bedford and Tarkio will be invited to send players. There will be flights for every sixteen to qualify and four out of every sixteen will receive trophies.

"A fine line of prizes will be offered. The qualifying rounds will start September 27 and must be completed by 11 o'clock Monday morning. The match play will start at 12 o'clock that day. The tournament will end September 30. The low medalist will also be given a prize.

"The course is to be in the best shape of the season and will make a perfect place to hold the tournament.

"The committee in charge consists of J. L. Crone, chairman; Ben Brower, Gene Vaughan, C. E. Parker, Henry Read, O. E. Buntz, J. P. McCloy, Gorman Howell, G. W. Cooper, Howard Holmes and Harold Welch.'

Forrest Gillam, president of the association, has just received word from J. L. Crone of Shenandoah, chairman of the tournament committee, that the qualifying rounds start on Sunday and continue up until Monday noon. He states that prizes of exceptional value are offered.

Several members of the Maryville Country Club are planning to compete in this tournament and should make arrangements for their entry through Mr. Gillam or Mr. Crone at Shenandoah.

Domestic Triangle in New Film Thriller

"Playing With Souls," which plays tonight and Tuesday at the Empire Theatre, embraces a theme rarely touched in movies. The drama springs from the crumbling of family ties and reaches a climax when the family unity of father-mother-son relationship is restored.

The family trio are made up of:

A millionaire father absorbed in dollar-chasing.

A frivolous mother who tries to stay young forever.

A son brought up on money instead of on love.

The three roles are played by Clive Brook, Belle Bennett and Buster Collier. Pretty Jacqueline Logan enacts a vivid role as a cabaret dancer and Mary Astor appears as a faithful sweetheart.

St. Joseph Couples Married

P. H. Garver and Mrs. Margaret Roberts and A. F. Siskey and Florence C. Inbody, all of St. Joseph, were married here Saturday afternoon by Judge Jesse F. Robertson of the probate court. The licenses were issued here.

McWilliams to Leave Kirksville Teachers

Prospects for Championship Team at Northeast Missouri Teachers College Are Good.

(Kirksville Express)

Prof. H. L. McWilliams, physical director for men, and coach of the athletic teams at the Kirksville State Teachers College, expects to leave that institution at the end of the present football season and go to Florida, according to tentative arrangements being made between Mr. McWilliams and the college authorities.

Mr. McWilliams when asked about the contemplated change, said that he had such a move under contemplation but that nothing definitely had been done nor had the time been set when he could be released.

He has been a member of the faculty at the college for a number of years and has been successful in football coaching, turning out several championship teams and tying for the championship at another time. This has been done in the face of considerable difficulty in securing experienced men for the teams. He is a graduate of the college and was one of the star football players while a student, being a member of the great championship team while he was in school. He later graduated from the law department of the State University and while there was one of the star players on the Tiger team, winning one game from the Kansas U., with a drop kick.

Coach McWilliams expects to finish the football season here with a good record as he has splendid prospects for one of the best teams in years. There are more than fifty men out for positions this fall and of this number, ten are letter men.

On account of the large number of men out he is to be assisted in coaching by Bennie Wells, a former star player on the Bulldog teams. Ben knows football, was a good player in his school days, and should be of great assistance in turning out a championship team.

J. E. Dickson of Cedar Rapids, Ia., is visiting at the home of his niece, Mrs. Oren Lanning, and Mr. Lanning.

Closing Grain Review.

Chicago, Sept. 21.—Wheat made substantial gains in today's session on the Chicago Board of Trade. Coarse grains were unchanged to higher. September corn was about steady after reacting from a new record low.

Easterners, helped by the section of the trade willing to support prevailing levels, were principal buyers today. Resumption of buying late reacted the wheat market to a higher close.

Liquidation of long lines of September corn and consequent weakness affected the entire corn list.

Oats trade was mostly of a changing nature with the price movements negligible.

Provisions trade was strengthened by cash house covering.

Fire Prevention Week Proclaimed

Coolidge Sets Week of October 4 to 11 for Annual Observance.

Washington, Sept. 21.—Concern over the increase in the nation's fire loss, which in recent months has been the heaviest in history, is expressed by President Coolidge in his annual Fire Prevention week proclamation. The proclamation, made public today at the White House, recommended that the week beginning Sunday, October 4, be observed as National Fire Prevention week. Appealing to state and municipal officials, civic organizations, school authorities and all citizens and organized bodies for fullest cooperation in improving conditions, the president declared that there is need "for earnest study of the principles of fire protection as a practical measure of national economy."

Fires in the United States during 1924, the proclamation stated, caused the loss of 150,000 lives and property exceeding $548,000,000 in value—the heaviest toll in history—with the loss for the first half of this year exceeding the corresponding period of 1924.

Roy Miller Sustains Broken Left Leg

Roy H. Miller, 14-year-old son of Mrs. Fred Horn, sustained a fracture of his left leg about noon yesterday when a pony on which the boy was riding slipped and fell to the pavement, pinning his left leg beneath and breaking it in two places just above the ankle. He was taken to St. Francis Hospital following the accident but was removed to his home today. He is getting along very well.

Ira K. Alderman Compiles Fifty-Nine Year History of First M. E. Church of Maryville

The following history of the First M. E. Church of Maryville, covering a period of fifty-nine years, from 1866 to 1925, was compiled by Ira K. Alderman and presented as a souvenir to the members of the church at the dedicatory services yesterday.

The history as compiled by Mr. Alderman shows the pastoral appointments, when and terms of service, the presiding elders and presiding bishops.

C. H. Stocking had been appointed late in 1868 a special supply to Maryville by J. T. Boyle, Presiding Elder. During the following winter he held a successful revival service. At annual conference, March 17, 1869, Maryville was made a station by Bishop Janes, and C. H. Stocking was appointed pastor. Thus he was last on the circuit and first on the station. He was a soldier in the late Civil War, and through a superannuate in the ministry, was active in the G. A. R., having served as Chaplain-in-Chief. He responds to calls for special addresses, not only in the Church, but in the Grand Army of the Republic.

On coming to Maryville, the Church was involved by a large debt, which he was instrumental in lifting. This was the first Protestant Church building in Maryville. In 1894 the new church building, under the pastorate of Dr. Haight, was erected. Under Dr. James this church building has been improved and enlarged and is now a model church. The church has in the three buildings expended about $120,000.00.

S. W. Thornton, after two intervening years, was returned to Maryville, but after short service in 1877, was transferred to Nebraska and succeeded by D. B. Lake, who completed the year and succeeded himself the two following years.

John Gillies, after about two months was changed to Cameron, largely on account of school privileges, and was succeeded by D. W. Yetter, a transfer from Illinois. D. W. Yetter succeeded himself two full years and part of a third year, having three years' service in the four years, 1889-90-91 and 92.

J. R. Payne, from Iowa, succeeded D. W. Yetter in his third year, early in the year, 1892, and in 1893 was appointed to Mound City. The removal caused some dissatisfaction at Maryville, and he took a transfer back to Iowa.

T. A. Canady, after an interim of seven years, was reappointed to Maryville and Presiding Elder Deshler changed the appointments at Maryville and Mound City. Following this change T. A. Canady took a transfer to Illinois, and J. R. Payne, in no way a party to the change, felt the removal of an old member of the Conference for himself, a new member, would weaken his influence in the Conference and asked for and secured a transfer back to his old Conference in Iowa. The balance of the year 1893 was filled by G. L. Haight, from Nebraska, who succeeded himself four full years.

G. A. Robbins was appointed at the last session of the spring Conference of 1906, and reappointed at the first session of the fall Conference, thus making first term about six months. He received four appointments, the last 1908, continuing half year and his full term covering three full years.

At the spring session of the St. Louis Conference, G. A. Robbins was transferred to Sedalia by Bishop Spellmeyer, and S. S. Martin transferred from Sedalia to Maryville for the balance of that year, who succeeded himself the following year, 1909. He was transferred to Holton, Kansas, in 1910, when J. S. Ford was transferred to Maryville, where he completed his life's work in two successful years and passed to his heavenly reward.

Dr. J. S. Ford died Sunday, September 22, 1912, at his home just following a service at church from the text, "We Are Laborers Together With God." I Cor. 3-9, just eighteen days before the end of the Conference year, and G. S. Cox was appointed his successor. Dr. Ford was the only pastor who died during his pastorate here.

A Novelty—Men Apply for Jury Service in Illinois

Belleville, Ill., Sept. 21.—Several men have applied at the circuit clerk's office recently for work on juries.

It is the first time in the history of the court such an occurrence has happened and it is attributed to the increase in jury pay of two dollars a day. Heretofore the pay was three dollars a day but the last legislature increased this amount to five dollars.

The men were told they could not be used unless their names were drawn in the regular procedure.

Dr. Brooks Stresses Church Affiliation

Columbia, Mo., Sept. 21.—Church affiliation is an important part of collegiate life, according to Dr. Stratton D. Brooks, president of the University of Missouri.

In a speech before the students recently he urged all students to affiliate with the church of their belief. He urged the students to make their parents proud of themselves and in so doing must learn to shoulder responsibilities.

"I would desire to have you take a vow of adult responsibility," Brooks said, "and bind yourself under the penalty of losing your own self respect if you ever wilfully or knowingly do anything that will bring sorrow and disappointment to your parents or discredit on the fair name of the university."

Warmer Weather for Latter Part of Week

Washington, Sept. 21.—The weekly weather forecast for the week September 21 to 26 inclusive:

Upper Mississippi and Lower Missouri Valleys:—Period of showers the early part of week, mostly fair thereafter; cool at beginning of week, and warmer middle and latter parts.

MAKES OWN TEETH.

Springfield, Ill., Sept. 21.—The world's worst dentist has been discovered here.

He is John Papritski, of behind the yards, who refused to pay $35 for a plate and whittled himself a set of chewers from a hickory log.

John said it took him eight months to make the set, using a pocket knife and a piece of glass. John is rather proud of his handiwork and never misses an opportunity to gulp his out and display them to anyone that seems interested. He says they do a fine job. Aside from the color the teeth look like a regular set.

FINALLY
Real Sedans *at* "*Coach*" Prices

BUICK builds only *real* sedans on the famous Buick chassis—with Fisher bodies.

The 4 and 2 door Sedans, on either the Master or Standard Buick chassis, are attractive, quality closed cars. These Buicks have the better performance—power—speed—endurance—and economy that mark the Better Buick as today's better motor car.

Buick could build a cheap closed car and sell it at a cheap price. But Buick chooses to build for the satisfaction of Buick owners. Buick sees to it that owners have cars they are proud to drive for years—cars that have a high re-sale value when finally traded in.

See these Better Buick Sedans before you spend your money.

Who Makes the Price of Gasoline?

The public is slow to commend—it is quick to condemn—but when it has the facts it is fair.

It has become a habit for many people to blame the Standard Oil Company (Indiana) when in their judgment the price of gasoline is too high.

To analyze this condition is to conclude that it is only the penalty we pay for being big, but as our size reflects only the scope of the service we render, we must accept such degree of responsibility as may be properly charged to our account.

In the United States there are 590 refineries of oil, of which only 7 are operated by the Standard Oil Company (Indiana).

In view of the sharp competition evidenced by this number of factors in the field, it must be obvious that the Standard Oil Company (Indiana) can neither throttle competition nor control prices.

That all refiners are subject to the same economic laws, is supported by the downward movement of the price of gasoline, brought about by the recent heavy increase in crude oil production. This condition obtains not only in the ten states in which this Company operates but on the Atlantic and the Pacific seaboards; also in the North and in the South.

The acknowledged leadership and efficiency of the Standard Oil Company (Indiana) gives plausibility to an impression of unlimited power, rather more than is justified by the facts.

But within the exceedingly limited margin of control exercised by this Company, price changes, either up or down, are made only after exhaustive study of every factor involved.

It is the constant endeavor of the Standard Oil Company (Indiana) to maintain a balance in gasoline prices, which will give our customers the benefit of all savings effected by efficiency—to which we believe they are justly entitled—and yet insure an uninterrupted supply of fuel to run your car.

It is submitted to the intelligent and fair-minded public that this policy is far-reaching and constructive; that it makes for superior service; establishes a dependable supply of gasoline and maintains the high quality of the product.
